Attention Students,

After careful consideration we have moved the last day to withdraw or resign from the traditional 16-week semester to Monday, April 13th. The deadline was extended to give you an opportunity to assess your current course progress and ability to reasonably complete the semester now that your classes have moved from face-to-face to remote learning. The deadline to withdraw or resign from accelerated online programs remains unchanged.

Many of you are facing hardships beyond the classroom due to COVID-19, and we want to give you time to make an informed choice about your academic goals this semester. Please reach out to your advisors with questions about how withdrawing from courses or resigning from the semester will affect your academic standing.
