**Federal Financial Aid**

**Hours**: to retain your Federal Financial Aid, you must remain in school at least half-time (6 hours per semester) and must complete at least 70% of the hours attempted each semester.

**GPA**: The GPA requirements for Freshmen/Sophomores are different from the GPA requirements for Juniors/Seniors.

**Note**: ALL hours are included in these calculations, even classes in which you receive a W. Your current cumulative GPA is available on your transcript, which you can find by logging into myLSUS.

Your Federal Financial Aid will automatically stop if you accumulate credit hours that equal 150% of the required hours for your degree program. Again, to find your cumulative credit hours, log into myLSUS and read your transcript.
