Other LSUS Scholarships

LSUS offers a wide variety of scholarships. Some of these are administered through individual departments; for these scholarships, you must contact the department for details of hours and GPA requirements. For all scholarships administered through the Financial Aid Office, the following requirements apply:

**Hours:** You must be registered for 12 hours in each semester (Fall and Spring). By the end of each Spring semester, you must have passed 24 credit hours for that academic year.

**GPA:** To retain your scholarship, you must maintain a cumulative GPA of 2.0 throughout your career at LSUS.
