June 26, 1875

The report of Committee on City Cemetery was received and Sexton authorized to use Eastern portion of Cemetery. Situation--the rear of Block No. 2 for the burial of Paupers.

Police Officer J. L. Hart** having lost his life on the 13th day of June, 1875 whilst endeavoring to preserve the peace and good order of the City, it is proper that there should not only be a recognition of the sacrifice he made in the discharge of duty but that his family should be exempt from bearing the expenses attendant upon his death and burial. Therefore be it resolved that $150.00 be allowed as the salary of said J. L. Hart, deceased, for his services for the month of June 1875 and that a warrant be issued for said sum to Mrs. Hart his surviving widow and tutrix of his minor children and let the following accounts be allowed paid: Jn. Caldwall, $25.00; J. J. Dillon, $10.00; Stoner Warring, $30.00; J. E. Maguire, $7.00. E/73-74

George Compston elected Sexton. E/107

April 15, 1876

The following reports by the Council convened on the 11th as a committee of the whole to examine charges preferred against George Cumpston, City Sexton, were submitted:
Majority report: We, the committee, appointed to examine into the charges alleged against George Cumpston, would respectfully report that we regard him as incompetent and having to some extent evidenced neglect of duty; therefore recommend his dismissal. Signed, Thomas Kelly*, Administrator of Improvements; Sam Levy*, Administrator of Finance. I concur in the above report regarding incompetency and believe the evidence conclusive as to his neglect of duty and extortion in office. Signed, J. F. Utz, Administrator of Assessments. Minority report: I do not concur in the report made to the majority of the committee in this case as I am not satisfied that the charges against the city Sexton were sustained by sufficient evidence to dismiss him from office. Signed, R. Renfro*, Administrator of Accounts.

The majority report was adopted and George Cumpston discharged from office of City Sexton. James Butler* was elected the new City Sexton; Administrator Utz protested the election as a violation of the City Charter. E/143-144

“Dr. T. G. Ford, City Physician being present, stated that he desired a committee on charities appointed, whose duty it would be to ascertain and decide whether applicants were worthy and dependent on the charity of the city, and to issue a certificate to such applicants as found worthy the services of the city physician, and medicines at the expense of the city. By M. S. Crain*. Resolved that a Committee on Charities be appointed consisting of two members, whose duty it will be to investigate applications and issue certificates for relief, when in their judgment it is incumbent on the city to grant assistance. Adopted. P. C. Hauser* and J. H. Stoner appointed, on said committee.” F/148

Sept. 4, 1879
Letter from Mayor A. Currie: “I respectfully call the attention of the Council to the burial of paupers and the Grave Yard. I respectfully call the attention of the Council to the fact that the city Sexton has exhausted all the ground in the Grave Yard that could be made available for the burial of Paupers, and that some other grounds must be used. The burial of persons by the city authorities under the name of paupers has been greatly abused in the past and the subterfuges now used to get orders for coffins is hard to check, as physicians often endorse the applications. It became very fashionable to be buried as a pauper, the orders obtained being often credited on the price of a stylish coffin, and the dead pauper carried to his grave in the costliest hearse, followed by a string of carriages filled with mourning relatives and friends, and escorted by the benevolent societies of which the person was a member. Paupers are generally defined to be only such indigent persons as are dependent on the parish or town for maintenance. In order to stop the frequent impositions of this kind, I recommend that the Council contract with whomever furnishes the pauper coffins to take charge of the bodies also, and bury them, and that the city Sexton be required to aid the city Undertaker. This is no less the duty of the City than it is to furnish coffins and graves, very often
forsaken, the bodies lying for hours uncared for until the sympathy of some neighbor is aroused, and the authorities appealed to, who can find no body authorized or inclined to take charge unless paid for their trouble; this is particularly the case amongst our colored population. In connection of this matter, I must mention that notice of seizure and sale has been served on the City by the Sheriff, which describes the grounds purchased from Mrs. Alston for a cemetery, pointed out by J. W. Jones* to satisfy a judgment for $100.00 in his favour. The bonds issued by the City for the purchase of this ground were declared by the Supreme Court to have been illegally issued hence the consideration is void and ought to admit of revision of title. Some ground near the old packery transferred to the City by His Honor in lieu of taxes could be used for the purpose of a potters field. F/170-171

Sept. 4, 1879 J. S. Rendall* to furnish coffins for paupers at $1.00 per coffin until January 1, 1880. F/174

Sept. 2, 1880 Mr. H. Deal*, City Sexton, reported the great scarcity of vacant ground in the cemetery. On motion a committee of those composed of Utz, Howell and Buckelew, were appointed to see where an eligible site for a cemetery could be obtained, the terms, etc.

May 25, 1885  “The following contract with John Murry, City Sexton, read and approved.

Be it remembered that whereas at a regular adjourned meeting of the City Council of the City of Shreveport, held May 21, 1885, the question of proper management and control of the City Cemetery come up, and various propositions were submitted by parties to the Council, and often determined on and the Mayor authorized to contract with Mr. Murry relative to same; now the agreement between the said city through its Mayor Andrew Currie and John Murry:

The said city appoints and designates the said John Murry to be the sexton of the Cemetery, in fully charge thereof under the general supervision of the City Council, and responsible for the proper and decent regulation of said cemetery.

The said Murry obligates himself to devote his whole time and work to the said cemetery, making and attending to all burials, disinterments, fixing the streets and walks, draining cleaning up and improving the grounds in the cemetery, and as an assistant in all such and other work he is to keep with him constantly employed at least one able bodied man and laborer. Further he obligates himself to keep the fences in good order and repair, the city to furnish all material such as lumber, posts, nails etc. and lime to whitewash the premises, and further to do all other work that may
seem necessary, in connection with the cemetery which the Council of the City of Shreveport or its proper officers may direct. The said Murry is further to keep a record of all burials and disinterments, to collect all charges and fees for same for the city account for and pay over the same to the city comptroller, and further he is to inter the city paupers free of charge. The above engagement and appointment is for the term of one year dating from signature hereof at which time the said Murry is to assume his duties as aforesaid.

In consideration of the above, and in full payment thereof the City of Shreveport hereby agrees to pay to said John Murry Five Hundred Dollars per annum payable monthly: said Murry is to execute bond in favour of the City in the sum of Five Hundred Dollars, conditioned for the faithful performance of above.

This done read and signed in the City of Shreveport, Caddo Parish, La. this the 25th day of May, 1885. (signed) A. Currie, Mayor of the City of Shreveport     John Murry     Witness D. C. Hine

Accompanying the above was the bond of John Murry for the sum of Five Hundred Dollars, with S. J. Ward* and John W. Taber* as securities, which was read and approved and ordered placed on record.” G/323-324

May 14, 1890  “From the City Sexton
Shreveport, La. March 10/90
To the Hon. Mayor & Members of City Council
Gentlemen

I would respectfully call your attention to a matter in connection with the City Cemetery. And that is the condition of that part of the cemetery outside of the private lots and used for the burial of paupers strangers and the poorer classes of persons who have no lots, and commonly known as potters field. It is now almost impossible to find room there for a grave, which is very disagreeable and sometimes offensive. But I present this matter to your honorable body from a business standpoint more than from sanitary or other questions that might be involved, and would recommend that a place be provided at least for the burial of the above named class of cases at your earliest convenience. Said cases will comprise over 50% of all burials in the cemetery.

Respectfully submitted,

July 14, 1892***

Sexton’s report was read showing amount collected for burials and paid to City Controller of $54.00 ordered filed. H/621

Mr. Wimbish (John C.), of Committee on Buildings and Grounds, reported that the fence around the City Cemetery was in a dilapidated condition and recommended the adoption of the following ordinance:

That the Committee on Buildings and Grounds be instructed to have a new fence put around the cemetery. Mr. Scofield thought that since the amount of means to be expended on street improvements between now and January 1893, was so small that it
would be better to repair the fences as a temporary expedient, until next year when a better quality of fence could be built. Mr. Toombs* offered as a substitute to Mr. Wimbish’s motion—that the question of a new fence around the cemetery be referred to the Committee on Buildings and Grounds with instructions to report at next meeting of the Council the probable cost of same. The substitute was adopted by the following vote: Yeas: Wimbish, Scofield, Randall and Toombs; nays: Youree and Benjamin.

By Mr. Scofield: Resolved that the Committee on Buildings and Grounds be authorized to advertise for sealed bids, for building a new fence around the cemetery. Said bids to be opened at next meeting. Adopted. H/621-622

By Mr. Benjamin: Whereas, the last Council failed to act in purchasing a site for a cemetery and his honor, the Mayor, having recommended action on the matter in his annual message, Resolved, that a special committee of three be appointed to select and recommend a suitable site for a cemetery. That said committee report back to the Council their views as to location and amount of ground that should be purchased. Adopted.

The Mayor appointed on that Committee, Benjamin, Toombs* and Youree.

On motion of Mr. Youree the same Committee were authorized to report if a sale or barter of what is known as the City Park cannot be made in this way. H/622-623

July 28, 1892

Mr. Wimbish then called for the opening of bids to put a new fence around the City Cemetery and after the reading of all bids, the contract was awarded to J. F. Lambert for $295.00 he being the lowest bidder. H/629

Aug. 11, 1892

By Mr. Toombs*: That the tax of 1890 or so much thereof as may be necessary is appropriated to the purpose of building a new fence around the City Cemetery. Adopted.

“Mr. Toombs* submitted following report on City Cemetery grounds in behalf of Special Committee appointed at last meeting.

To the Hon. Mayor & Board of Trustees

City of Shreveport

Gentlemen: Your Special Committee appointed under resolutions adopted at a regular meeting of the Council held on the 14th day of July 1892, instructed to select and recommend a suitable site for a cemetery, give our views as to the location and amount of ground, that should be purchased, and report if a sale or barter of what is
known as City Park cannot be made in this way, have the honor to report as follows:

First, As has been pointed out and impressed on the Council by his honor the Mayor, an imperative necessity exists for the acquisition of new and ample cemetery grounds, the present burial place having been long since exhausted, compelling our Catholic and Hebrew Congregations to obtain private grounds.

Other congregations, we are told, have long been considering similar measures, thus promising in case the Council continues to defer action on this important matter to compel the establishment of a multiplicity of widely scattered private cemeteries, expensive to care for, hard to regulate and become features which are disadvantageous and avoided as much as possible by all cities.

Second, Considering the time when the present cemetery of 10 acres was purchased, and that the population was probably less than a fourth of our present number, it seems prudent, in order that present wants and reasonable future growth may be decently met for a reasonable length of time, that not less than five times the area of the present cemetery should be provided.

Your committee having considered the subject from the foregoing necessary standpoint as well as suitableness of location and accessibility, have examined all the sites within the city, and after exhaustive deliberation, have decided to recommend to your honorable body, the acquisition of a tract of land containing sixty acres, situated within the corporate limits north of the Catholic Cemetery and Mrs. Festins(?) west of the Fair Grounds and Belt Railway, within 200 yds. and lying parallel with the latter, accessible by the said Railway and by the Texas plank roadway at all seasons of the year.

The land is thoroughly drained without waste and possesses attractive features of topography, which renders its material beauties susceptible of being greatly enhanced at little cost.

Two thirds of its entire area is covered with a variety of handsome forest trees which will excite a pleasurable pride of ownership in our citizens, redounding to the credit of your honorable body.

The owner is willing to accept the 10 acres owned by the city for 1/3 of the purchase price valuing the the ground owned by the city at $500 per acre.

For the other 2/3 or 40 acres he will take $250.00 per acre or $10,000. payable 1/5 on 1st January 1894 and 1/5 each succeeding year ’95, ’96, ’97, & ’98 with 7% interest per annum, which we believe will give the city ample time to sell enough of the land to the religious communities, lodges, and charitable societies now in need of ground to meet the cost.

In conclusion, the majority of your committee beg to say that we have given the duties imposed upon us careful and thorough
consideration, and believe that from a comparative point of view regarding adaptability of land, accessibility by existing highways and street cars, cheapness and beauty of ground, that we can unhesitatingly urge upon your honorable body the wisdom and necessity for prompt action in the provisions(?).

Respectfully Submitted,
Signed Sam Benjamin, A. S. Toombs*

Mr. Youree then submitted the following minority report:
The Committee on selection of a site for a city cemetery has reported recommending the purchase of a certain tract of land from Mr. A. Currie. To this recommendation I desire to dissent and respectfully offer the following minority views on the subject.

In objecting to the recommendation made by the majority, it is but just and correct that I should state that in my opinion the site chosen is one suitable for the purpose but it is not a site so preeminently suitable nor has it so many and patent advantages over all other sites in and around our city as to warrant its purchase without further discussion.

In my investigation of the matter, I have learned that there are several other sites equally available and suitable for the purpose, some of which possess advantages over the tract owned by Mr. Currie, though inferior to it in some requisites, which sites can in my opinion be purchased at a much lower price than the tract recommended by the majority.

Notably among the valuable tracts, I would mention Moss Side, and tracts of land owned by the following named persons, Mrs. Templeman(*?), H. Dreyfuss & Son, P. J. Treserant, which lands are situated on the western side of the corporation, and the lands owned by J. J Horan* (Hamilton Farm), by E. B. Herndon, John Caldwell, VanHoose & Tomkies situated on other portions of the Corporation.

I would therefore recommend that sealed proposals be invited from persons owning lands suitable for the purpose, containing not less than twenty acres, which proposals shall describe the lands offered and the price and terms of the same to be not over $1,000 per annum.

I would also recommend that any corporate body desiring to establish a cemetery be invited to communicate with the City Council by sealed proposals setting forth the project, which proposals shall be considered by the Council in connection with the other bids.

(Signed) H. H. Youree

Both reports were ordered spread on the minutes and laid over to next meeting under the rules.
Several bids to furnish Cemetery grounds were then read and on motion referred to Special Committee of Benjamin, Toombs* and Youree.

On motion of Mr. Toombs* a Committee of Toombs*, Benjamin and Youree were appointed to draft an ordinance looking to the purchase of new cemetery grounds, to be submitted to the Council at next regular meeting.” H/634-637

Oct. 13, 1892

The Majority and Minority reports of the Committee on new cemetery grounds read at the meeting of the Council held on Aug. 11, 1892, and the Minority vote was adopted, with bids to be submitted at Council meeting held on Oct. 27, 1892.

A petition by Mr. S. W. Ford in behalf of Mrs. W. R. Ford asking that she be allowed to purchase a strip of ground in the City Cemetery, adjoining the lot of J. J. Kline at the corner of Jackson and Cypress Street, and extending into Cypress Street 10 x 20 feet. City Sexton, in as much as that portion of Cypress Street from Jackson Street to North East boundary of cemetery grounds could not be used by vehicles anyway, and there would still be left 10 feet for footway. The City Controller was ordered to make the sale to Mrs. Ford as instructed in the petition. I/5

Dec. 12, 1892

Resolved that the salaries of the following City employees be fixed for Year 1893 at following rate: … City Sexton and Marketmaster to be filled by one man whose salary shall be $75.00 per month. J. W. White elected Marketmaster and Sexton. I/38

Feb. 9, 1893

W. W. Warring to furnish Pauper coffins at $2.75 each.
The following were adopted for 1893 Budget: Pauper and Coroner $400. City Cemetery $600. I/52

March 9, 1893

Mr. Wimbish of Special Committee on Cityn Cemetery reported recommending the purchase of 20 acres from Messrs. Van Hoose and Tomkies at $150/acre.

1893 Budget: Pauper and Coroner office: $400.00; City Cemetery: $600.00.

Bids for cemetery grounds were then opened and read and on motion of Mr. Randall* all propositions rejected and the committee discharged.

By Mr. Randall*: Resolved that the ground known as the City Park be used as the city cemetery and that the matter be referred to the Committee on Buildings and Grounds and with the help of the City Engineer to be laid out in lots and sold for burial purposes according to laws now existing regarding cemetery property. On motion same was laid over until next meeting.
By Mr. Wimbish: Resolved that the City accept the offer of Messrs. Van Hoose & Tomkies of 20 acres of ground for cemetery purposes at $150.00 per acre. I/58

On motion of Mr. Youree the City Attorney was requested to submit a written opinion on the question of using the City Park for a cemetery. I/59

April 13, 1893
Regarding the question as to whether the City Council could use the City Park as a cemetery, in the opinion of Mr. Jones it can be used for that purpose, or for any public use. I/66

On motion of Mr. Randall the Controller was authorized and instructed to advertise for bids for a new cemetery, for not less than 20 acres, said bids to be opened at next meeting of the City Council and that final action be taken thereon at that time. Adopted. I/67

April 17, 1893
By Mr. Youree: Resolved that the Street Commissioner be and is hereby instructed to put down six inches of gravel on Washington Street in the City Cemetery along its entire length. Adopted. I/69

May 11, 1893
The following bids were read and rejected: From Mr. and Mrs. L. S. Crain*, offering 27 acres at $8,000 at 10 years 8% interest; from Van Hoose & Tomkies, offering 20 acres at $150.00 per acre at 4 years 6% interest; from Mrs. M. Donald, Mrs. Fetzer and M. Auer, offering the Dolly Varden tract at $2,500. A fourth offer, by Messrs. Perrin and Feigler, was rejected by the mayor because it was not in the form required by the advertisement, causing a disagreement between him and Mr. Scofield. I/76

May 15, 1893
On motion of Mr. Benjamin the Controller was authorized to readvertise for a cemetery ground of 15 to 30 acres. Rate of interest to be specified in bids and bids to be opened at next regular meeting.
A petition from citizens and property owners protesting against the purchase by the city of part of TAL 17 (ten-acre lot 17) for cemetery purposes was read and ordered filed. I/77

June 15, 1893
The question of the purchase of cemetery grounds was then brought up and what is known as the Dolly Varden tract was recommended. The Mayor ruled that there being no offer before the council from the owners of that tract its purchase could not be considered at this meeting. Mr. Wimbish moved to accept the property offered by Messrs. Van Hoose & Tomkies of 20 acres at $125/acre. Mr. Quigles offered as a substitute for Mr. Wimbish’s
motion that the property offered by Captain Boisseau be accepted, consisting of fifteen acres at $150 per acre. 1/88

The substitute was lost by the following vote: Yea: Quigles. Nays: Toombs*, Herold (H.), Scofield (W. D.*), Wimbish (Jn. C.) and Youree (H. H.).
The vote was then taken on the motion of Mr. Wimbish to accept the offer of Van Hoose & Tomkies for 20 acres at $125 per acre, payable in five equal annual installments at 6% interest from date. Carried unanimously. 1/89

Sept. 14, 1893

The mayor reported having taken titles to the property bought of Mess. Van Hoose & Tomkies for cemetery purposes.

Controller’s report for July 1893: Disbursements: For pauper & Coroner a/c: $42.96; for Cemetery a/c: $30.00. Report for August, 1893: Requests: From City Cemetery: $10.50. 1/95

Mr. Wimbish on behalf of Committee on Buildings and Grounds said he thought there were lots in the City Cemetery partly occupied, for which the City had never been paid, and introduced the following resolution:
Resolved that if Lot 7 of Block No. 14 of the City Cemetery be vacant and no one is buried therein, and said lot belongs to the City, that the City Controller be instructed to sell and sign a deed to same to Dr. A. R. Booth*. 1/96

Mr. Randall said he had been at some trouble to examine the cemetery and when he did so the sexton and controller were with him, having the map of the cemetery in hand, and while he admitted that there were perhaps many lots for which the city had received nothing, he thought, however, in view of the fact that no public record or perfect record of the sale of lots was kept prior to the year 1878, the city Council should endeavor to straighten the matter out by some general legislation and not attempt to pass a special ordinance with regard to such lot as some individual citizen might demand. He therefore offered the following substitute:
Be it ordained by the Council of the City of Shreveport in legal assembly convened, that all owners of lots in the Cemetery be notified by publication in the official journal of the city for 30 days to clean up and put their lots in thorough repair and in default of said work being done, the Sexton be and hereby ordered to have said cleaning done and file his a/c for said work with the City Controller and in default of payment by said owners the City Controller is instructed to advertise and sell such lots the purchase carrying with it the obligation to preserve and not deface the evidence of any interment previously made on said lots.
Mr. Benjamin moved to table the substitute offered by Mr. Randall.
The Controller asked permission to read a deed or document written and signed by the City Sexton acknowledging the receipt of $20.00 paid by Dr. Booth for the lot in question before the vote was taken. Which permission was granted and the document read. And the Controller stated that he had refused to put his signature and affix the seal of the city to this instrument without some action were taken by the Council authorizing same.
Mr. Benjamin’s motion to lay the substitute on the table was then adopted.
The original motion of Mr. Wimbish was then adopted by the unanimous vote of the Council with the understanding that the City Attorney determine if the lot in question were the property of the city. I/97-98

Nov. 9, 1893

Mr. Wimbish, chairman of Committee on Building & Grounds, reported that in what was known as the Potters Field in the old Cemetery it was literally impossible to dig a grave without exhuming the remains of bodies already buried there and urged the fencing of the new cemetery at once.
On motion of Mr. Benjamin the Committee on Buildings & Grounds were authorized to have a plank and wire fence constructed around the new cemetery and a potters field laid off in accordance with the plan adopted by the city. I/116

March 14, 1895

Resolved that the sum of $100 be and the same is hereby appropriated to the Ladies’ Cemetery Association for improvements to be made in the old city cemetery. Adopted. I/227

April 11, 1895

The following petition was read:
To His Honor, the Mayor, and the City Council. Whereas, the Shreveport cemetery is in a neglected condition, and at a reasonable expense could be adorned and made an ornament to the city by being placed and kept in thorough repair, which would require constant care and a regular source of revenue; and
Whereas many owners of lots are dead or have moved away, and to leave the lots abandoned or uncared for, as well as the Potters Field, which it is the duty of the city to care for, would mar the beauty of the cemetery as a whole; and
Whereas the city has derived all the revenue from the sale of cemetery lots and has expended none of it in beautifying the cemetery, therefore be it
Resolved by the Shreveport Cemetery Association that the City Council be earnest requested to make a regular appropriation in the
budget from year to year of not less than $50 per month the same to be used and expended for the sole purpose of beautifying and keeping in order the Shreveport City Cemetery under the direction of the president of the Shreveport Cemetery Association upon whose warrant said fund shall be paid out by the Controller.

Be it further resolved that the City Council be requested to instruct the Street Commissioner to render to said association or its president all required assistance with his teams and vagrant labor and do whatever work may be required under the direction of the president of said association in conjunction with the Mayor of the city, and the chairman of the Street Improvement Committee.

C. S. Steere, President; Mrs. S. Q. Hamilton*, Vice President; Mrs. Julia Rule*, Secretary of Shreveport Cemetery Association.

Ordered spread on the minutes and laid over until next meeting.

Nov. 21, 1895

By Mr. Wimbish: Resolved that the Finance Committee be instructed to put $300 in the budget to be adopted for year 1896, for the Ladies Cemetery Association. Same to be paid monthly. Adopted. I/314

Feb. 13, 1896

Mr. J. W. Chavis being present made a complaint against Sexton J. W. White and the same was referred to Buildings and Grounds Committee. I/329

By Mr. Scofield*: Resolved that $100 or so much thereof as may be necessary be and is hereby appropriated for the purpose of laying a plank walk from the nearest point on the Belt Railway to the cemetery gate. Adopted. I/330 (Oakland or Greenwood?) (probably Greenwood—it immediately follows a resolution for using funds from the sale of lots in the new cemetery for the purpose of improving streets of same and planting trees, etc.

Feb. 20, 1896

Mr. Wimbish reported on behalf of the Committee on Buildings and Grounds that they had inquired into the charges made against the Sexton and Market Master and recommended his discharge from both places.

The action of the committee was ratified.

An election for Sexton was then gone into and resulted in the election of Mr. P. L. Martin, who agrees to employ a competent assistant, and they to give their time to said duties, to dig all graves and attend to the burial of the dead, and when not so employed to work in the cemeteries, all the time beautifying and improving them, the compensation for said sexton to be $60 per month until such a time as the city may erect a suitable house in or near one of the cemeteries for their occupancy. When this is done the sexton is
to occupy said house, and the salary is to be reduced to $50.00 per
month. All fees for burials to be paid to the city. I/331

A petition was read from Mrs. S. Q. Hamilton*, Secretary, asking
permission to remove rubbish such as tumble down fences and
walls from about neglected graves and the Council determined that
improvements put on a [grave] by its owners should not be
removed by anyone without their consent, but the weeds and grass
should be cleaned away. I/332

(Also on I/332: By Mr. Randall: Whereas the City has purchased
a profile or grade book for the purpose of perpetuating records of
the established grades of the city, and as the records now on hand
are getting badly defaced and nearly obliterated so that it is
impossible to make out the figures which designate the elevations
of grades there; Resolved, that the Council instruct the City
engineer to transfer the original records into the new grade book
and that a compensation of $50 be allowed him for said work.
Adopted.)

July 7, 1898 City prisoners to be worked in the cemetery grounds for a time to
clean up weeds and grass. J/10

August 4, 1898 The Vicksburg, Shreveport and Pacific Railroad Company is
authorized to lay and operate a track along the north side of Cotton
Street between Commerce and Market Street and to connect with
its present tracks at each of said streets in accordance with
blueprint attached to ordinance of January 6th, 1898, adopted by
this Council on condition that the said railroad company give to the
city 25 carloads of gravel for use in the cemeteries of the city.
Adopted.

And on motion of Mr. Toombs* the street commissioner was
instructed to place this gravel in the following manner: 4 carloads
to Catholic cemetery, 3 carloads to Jewish cemetery, 4 carloads to
old city cemetery and the balance to be used on the drives of the
new or Greenwood cemetery. J/29

June 6, 1901 Shreveport, La., March 27th, 1901
Hon. City Council of Shreveport
Gentlemen, The Cemetery Association in charge of the old
Cemetery respectfully call your attention to the fact that the $25
per month heretofore allowed it by your Honorable body for the
purpose [of] keeping in repair, beautifying and maintaining the
grounds is not being paid and we ask that same be restored
regularly paid to this association for the purpose mentioned. The
Cemetary is now in a condition of neglect discreditable to our City and we know it is only necessary to call the matter to the attention of your Hon. Body to meet with prompt and generous response. This spot of ground was originally given for Cemetary purposes and the money arising from sales of lots should have been sacredly set apart for the maintenance and administration of the premises. The City has made numerous sales of lots and this money should not be appropriated by the City, but restored for the Cemetary. Thus what we ask you is in the nature of a restoration of what is just and due. We respectfully request your Hon. Body to restore the $25 per month at once, the need of the association being urgent. Very sincerely, President Cemetary Association

On motion Mr. Hicks that the city allow the ladies of the Old Cemetary $50.00 per month and that the payments begin January 1st, 1901. Adopted. J/561

Sept. 6, 1901 That $100 additional be appropriated to the ladies of the old cemetery for the purpose of putting water in said cemetery. Adopted. J/597

Feb. 27, 1902 By Mr. Wagner: Mr. J. D. Wagner, Chairman, I have the honor to submit to you hereto attached a profile and plan for improving the old cemetery on Sprague Street as per original estimate provided for in the recent bond issue for the improving of Sprague Street and which included the building of a retaining wall of Brick, a cement sidewalk and doing all grading necessary for the same. The estimate and items are as follows:
For a wall 121704 brick in wall at $20.00 per 1000:  2,434.08
For a cement sidewalk 3,840 sq. feet at 15 cents 576.00
For Grading, etc. 880 cubic yards at 30 cents 264.00
Total $3,274.08
Respectfully, Frank W. Kane, City Engineer

That the Comptroller be instructed to advertise for bids to do the work, bids to be returnable March 13th, 1902, at 6 p.m. Adopted. J-2/37

March 13, 1902 An ordinance forbidding the desecration of graves and the cutting or removing of any flowers or shrubs from graves in any cemetery in the city or from the cemetery itself. Be it ordained by the City Council in regular session convened that it shall be unlawful for any person to cut or remove from any cemetery in the city or from any grave in any cemetery, any flower, shrubs or other plant or in any way desecrate any grave or part of any cemetery.
Be it further ordained that any one violating this ordinance shall upon conviction be fined for each offence not less than $5.00 nor more than $10000 and on failure to pay the fine the offender may be condemned to work same out on streets and alleys of the city at the rate of $1.00 per day pursuant to the City charter. Adopted.

J-2/43

Dec. 18, 1902

By Mr. Snyder. That city engineer be granted authority to change size and style of Sprague Street retaining wall alongside of cemetery, provided the cost per cubic yard or foot for the increase does not exceed contract already agreed upon between city and contractor. Adopted. J-2/156

The city engineer was instructed to investigate the report of graves caving in at old cemetery. J-2/177

June 15, 1903

By Mr. Lowenthal. A petition from Herman Herold, W. Winter and E. Phelps, of Hebrew Zion Congregation asking for services of city engineer in order to secure profile and contour of property in order to erect a retaining wall east side of cemetery on Cane Street. Laid over under the rules. J-2/233

? Map showing grade for retaining wall along Cane Street at Sprague Street cemetery was filed by Mr. Wise…showing grades. Laid over under the rules. J-2/234

July 20, 1903

By Mr. Wise. That the City Engineer prepare plan showing grade for curb in Cane Street near portion of Sprague Street Cemetery, property of Hebrew Zion Congregation. Adopted.

Following were submitted:
Mr. Woodward, City Engineer. In reply to your request of the 9, we hand you herewith our bid on the surveyors land monuments as follows: Monuments to be 3 ft. long 5 in. square, with 1 end cut smooth and wash of ½ in. all round the edges of this end 500 of the above monuments (of blue Bedford stone) delivered at our yard for the sum of $385.00. 500 monuments same as above but of Gray Bedford stone $375.00. Can fill this order in from 6 to 8 weeks. Thanking you for the privilege of bidding on the monuments, we beg to remain. Hilliard Bros., per B. L. Hilliard.

By Mr. Wise: That bid of Hilliard Brothers be accepted. Adopted. J-2/243

Nov. 16, 1903

By Mr. Lowenthal. Whereas the public interests as well as civic pride demand that the home of the dead be beautified as much as possible, and kept in such a condition, and whereas there is no
retaining wall on the Cane Street side of the Sprague Street cemetery to protect it as on the Sprague Street side, which is necessary as the land is caving in, being supported only by planks and an old dilapidated fence, therefore

Be it resolved, that this council suggest to the Chairman of the Improvement Committee and City Engineer to make an estimate showing the cost to erect a retaining wall on Cane Street from Sprague Street to Reynolds and on Christian Street for a distance of 150 feet, similar to the one on the Sprague Street side of the old cemetery. Said report of estimate cost to be submitted to this council at the next meeting. Adopted. J-2/282

Jan. 26, 1904

By Mr. Snyder: To Hon. Andrew Querbes and City Council: In view of the public situation of the old cemetery and the repeated depredations of stock and trespassers, we earnestly request that you will aid us in protecting the cemetery by putting a man in charge, whose duty it shall be to watch as well as work and thus give the needed protection to this sacred ground.

Mrs. M. H. Williams
Mrs. J. D. Ardis
Mrs. M. F. Smith
Committee for Cemetery Association

By Mr. Thoman: Resolved, that building and ground committee be empowered to employ a man to take charge of city cemetery, position to be designated as “assistant sexton.” Said assistant sexton to be under control of city, and to receive a salary not exceeding $50.00 per month. J-2/319

April 18, 1904

By Mr. Rand: That the comptroller be authorized to advertise for bids for the construction of the retaining wall around the old cemetery, on Christian and Cane Streets, as per plans and specifications on file in the office of the city engineer. To be paid for out of the budgets of 1905, 1906, and 1907. J-2/367

May 31, 1904

Chairman Wise, of the Improvement Committee, reported in favor of accepting the bid of Chatwin Bros., as the lowest bidders, for constructing the retaining wall around the old city cemetery. Mr. Wise stated that, reading the bid one way, R. N. McKellar’s* bid was $41.00 cheaper than the bid of Chatwin Bros. but that there were several conditions to McKellar’s bid and in order to avoid complications, the committee decided that Chatwin Bros.’ bid was the lowest. Mr. Dickson asked that Mr. McKellar be heard.

Mr. McKellar explained that his bid was made in accordance with the specifications, and that the item in his bid simply called for filling if any was to be done, as per “proposed fill” shown on plans.
Mr. Chatwin explained this matter from the point of view of his firm.

By Mr. Conger: That the contract be awarded to R. N. McKellar*. Adopted, by the following vote: Ayes: Conger, Currie, Dickson, Ledbetter, Lowenthal, Quigles, Rand, Tusten and Wise. Nays: Busbey, Foster, Snyder, Thoman.

By Mr. Foster: That Mr. McKellar be requested to address a letter to the Mayor explaining that his bid does not call for extra filling, and that no charge is to be made for same, either behind the walls, in the boxes or in the street. Adopted. J-2/413

Sept. 26, 1904

A communication was presented from Mrs. J. S. Young [Col. John Smith Young*, CSA, and wife Fanny Hodges Young* (d. 1891) are listed], asking that the city purchase a map of the city cemetery, now in the possession of Mrs. J. J. Scott. The communication stated that the map could be purchased for $25.00. J-2/476

Oct. 27, 1904

The salary of the sexton is fixed at $75.00 per month; an assistant sexton to be employed at a salary not to exceed $50.00 per month and stationed at the old [Oakland] cemetery; another assistant sexton to be stationed with the sexton at Greenwood Cemetery. Duties of the sexton to include properly keeping up streets and alleys in the cemetery, cutting grass and weeds on unsold lots, and trimming trees. The sexton is prohibited from accepting private work or compensation in connection with their duties as the city employee. City prisoners are recommended to assist the sexton. Also recommended is the purchase of a cart and a cheap mule or horse for the use of the sexton in moving dirt, hauling off brush and other litter accumulating around the cemetery. J-2/511

April 11, 1905

By Mr. Busbey: That R. N. McKellar*, contractor on Christian Street wall, be permitted to use molded concrete blocks instead of forms, as contract calls for, provided he use the same material and mixture in blocks as is called for in the wall, and deduct the same amount of voids, or hollow spaces as called for in the original contract. Carried. K/24

Ordinance Providing Regulations for City Cemeteries:

1. It shall be unlawful for any person to destroy any flowers or other shrubbery or trees in the cemeteries.

2. No brick work shall be allowed therein except in the construction of foundations to monuments. Each monument shall have constructed under its foundation at least ¼ wider in every way than the base of said monument, and said foundation shall be made of brick, with cement mortar, or with solid stone,
cement or marble, and shall extend into the earth as deep as the grave which it marks.

3. No vaults shall be constructed above the ground except they be of stone.

4. No person decorating or cleaning off graves and lots shall leave trash in the cemetery walks, and shall remove all rubbish which they may have caused.

5. No person shall leave open any of the cemetery gates.

6. No person shall drive any vehicle or ride or lead a horse or any other animal across cemetery lots or in any other place in said cemeteries except on the cemetery streets.

7. Any person who shall violate any of the foregoing provisions shall be fined not less than $1.00 nor more than $10.00 and in default of payment of said fine shall be ordered to work out same on the streets or alleys or other public works of the City of Shreveport at the rate of $1.00 per day.

8. It is the duty of the city sexton to make charges against any person who shall violate any of the provisions of this ordinance.

Passed. K/28

May 15, 1905

The Improvement Committee recommends that the comptroller be authorized and instructed to advertise ten days for bids for rebuilding the cemetery retaining wall on Sprague Street, in accordance and specifications to be furnished by the City Engineer.

Adopted. K/45

June 23, 1905

The Improvement Committee makes the following recommendation with reference to the proposed Cane Street cemetery wall: The recent accident on Sprague Street has shown the necessity for some different arrangement other than the high walls as has been used heretofore, and we suggest that instead of using the Cane Street wall as per the original contract, that a lower wall be built on Cane Street extending to Reynolds Street, and along Reynolds Street to Christian, four feet high, with an iron fence on top of that, with a gutter on the inside, and a terrace from there to the top of the surface of the ground. The estimated cost of this change would be:

<table>
<thead>
<tr>
<th>Item</th>
<th>Cost</th>
</tr>
</thead>
<tbody>
<tr>
<td>Excavations</td>
<td>1336 at 50 $668.00</td>
</tr>
<tr>
<td>Masonry</td>
<td>463 at 9.50 $4,398.50</td>
</tr>
<tr>
<td>Iron Fence</td>
<td>1,200 feet at 1.00 $1,200.00</td>
</tr>
<tr>
<td></td>
<td></td>
</tr>
</tbody>
</table>

The wall on Cane Street alone, under the present contract, would cost the city $4,444.50, and it would soon be necessary for the city
to construct a wall on Reynolds Street. The proposed change would, therefore, be a saving to the city of at least $1,000.00 and perhaps more. The contractor has agreed to the change, provided the city will give him contract for sidewalks and curbs. This would be necessary however, and the estimated cost would be:

<table>
<thead>
<tr>
<th>Item</th>
<th>Cost</th>
</tr>
</thead>
<tbody>
<tr>
<td>Sidewalks, 1,200 x 4 feet</td>
<td>$648.00</td>
</tr>
<tr>
<td>Curbs, 1,200 at 45 cents</td>
<td>540.00</td>
</tr>
<tr>
<td>Excavations, say,</td>
<td>80.00</td>
</tr>
<tr>

<td><strong>1,268.00</strong></td>
</tr>
<tr>
<td>Wall, fence, etc.</td>
<td><strong>6,266.00</strong></td>
</tr>
<tr>
<td></td>
<td><strong>$7,534.00</strong></td>
</tr>
</tbody>
</table>

We believe the plan outlined above would be to the best interests of the city, and recommend its adoption. J. L. Busbey, S. A. Dickson, W. I. Ingersol, Improvement Committee

Mayor Querbes explained that the Improvement Committee make this recommendation after having gone over the matter thoroughly. That the idea of abandoning the present plans is to do away with the high walls in the future for retaining walls, as they are unsafe. The retaining wall on Commerce Street, and the wall on the Sprague Street side of the cemetery has shown the necessity of adopting some other plan, and the committee, with the approval of the City Engineer have decided the plan proposed herein to be the best.

Mr. Johnson stated that the only legal way to handle the matter would be advertise for bids for this work in the usual way.

Mayor Querbes stated that it would be impossible to do that, as Mr. McKellar has the contract for the retaining wall on Cane Street, and the Committee had tried in every way to get him to release the city, and had even offered him 10 per cent of the estimated contract price, but he had refused it, and if the council rejects the above proposition it would only result in the city having to go ahead with the Cane Street wall, as it is contracted for and would have to let a new contract for the wall on Reynolds Street, and that would cost the city something like $2,500.00 or $3,000.00 more. Carried, Mr. Johnson being the only nay vote because he questioned the legality of awarding the contract without advertising for bids. K/66

Nov. 19, 1905

The mayor explained that the terrace in the old city cemetery is at such a slant that it is feared by the ladies of the cemetery association that it cannot be maintained, for the reason that no machine an be used for cutting the grass, and it would be impossible to keep it cut by hand. Stated that the cost of changing this terrace to such a slant that it could be better cared for would be about $350.00 and recommended that this amount be appropriated for that purpose.
By Mr. Johnson: Resolved that the mayor be authorized to expend $350.00, or as much thereof as may be necessary for the purpose as stated. Carried.

By Mr. Busbey: Resolved that the plans submitted by R. N. McKellar*, contractor, and hereto attached, be accepted by the Council and that the Improvement Committee have gate put in as shown. Carried. (Gate on Reynolds Street) K/161

Feb. 13, 1906

Mr. Busbey here presented a drawing showing plan for retaining wall to be erected in place of the fallen wall on Sprague Street side of the old city cemetery.

By Mr. Dickson, I understand, Captain Busbey, that you will guarantee the wall to stand.

Mr. Busbey replied that he would certainly guarantee a wall built according to these plans to stand, it being understood that the cement would be one, three and six as used by the city elsewhere.

By Mr. Busbey, That the city comptroller be authorized to advertise for bids for the construction of this wall, according to this sketch. Carried. K/200

March 13, 1906

By Mr. Ingersoll***, To the Mayor and City Council: We recommend that $125.00 additional be appropriated for terracing and sodding the old city cemetery. The council only appropriated $350.00, and the cost of the work was $475.00. Carried K/218

Ordinance amended: and it shall be unlawful to construct any fences in any cemetery within the City of Shreveport. K/286

J. L. Busbey, Chairman of the Improvement Committee:
Enclosed find two bills against the City of Shreveport, for work done and material used in constructing Oakland Cemetery Walls, which I trust you will find correct. I desire to lease Batture across alley back of Lots 1,2, 3, 4, to low water, in same block you have lease on lots 5, 6, 7, 8. Would like to meet you and committee and see if I cannot adjust an arrangement and thereby settle these bills with a lease, which I hope we can agree upon satisfactorily to both parties. R. N. McKellar*

Bills accompanied same for $675.75 and $529.38 for extra work and material on Christian Street wall, and for extra work and material at gate on Grand Avenue and drains in the sidewalk.
Mayor Querbes explained that the work on the Grand Avenue entrance had been without authority of the council or from the committee, and he did not think the council should pay them. It seems that it was understood that Col. Minge should pay for this gate, and that the balance of this extra work at this entrance had been done by Mr. McKellar without authority. That the balance of the bill should be referred back to the Improvement Committee.

August 14, 1906

Mr. R. N. McKellar* appeared before the City Council and presented claim against the city for work done on the cemetery wall on Cane and Reynolds streets side, and for interest accruing on the Christian Street wall for the time after same was accepted until the first payment was made and on the unpaid portion. Mr. McKellar stated that he is entitled to be paid for the voids in the Christian Street wall just as if this had been solid, according to the customary rule of the trade for this class of work. Mr. McKellar also stated that the city owes him for the work on Grand Avenue entrance.

Mayor Querbes here asked Mr. Conger to take the chair.

Mayor Querbes stated that he did not think Mr. McKellar was entitled to the amount claimed. That the voids in the wall had been deducted in accordance with the agreements made at the time the contract was made and signed, and that the gate at Grand Avenue was put in without authority of the committee, except that when Mr. McKellar suggested this gate and said the ladies wanted it, he was told that they had no objection to it, but both the members of the Improvement Committee and himself had been under the impression that this was to be paid by Mr. Minge.

Mr. Conger resigned the chair to Mr. Querbes.

Mr. Busbey stated that Mr. McKellar had been paid for all the work done by the authority of the Improvement Committee.

By Mr. Busbey: After careful examination of the work recently constructed by R. N. McKellar in rebuilding the cemetery wall on Sprague Street, I recommend that same be accepted, subject to the guarantee of Mr. McKellar of this wall for one year, as per contract. I further recommend that the mayor and city comptroller be and they are hereby authorized and directed to make payment for same as per contract, $1,850.00.  J. L. Busbey  K/295-296

October 11, 1906

Mr. Rand presented a communication from Mr. R. N. McKellar*, asking that the matter of the claim of Mr. McKellar on account of the difference claimed by him on the cemetery wall on the Christian and Reynolds streets sides be submitted to arbitration. The city to choose one arbitrator, McKellar to choose another, and
these two to choose a third, but both sides are to bind themselves to
abide by the decision of the arbitrators.
By Mr. Laenger: I move that the proposition be rejected. Carried.
