I. PURPOSE

The establishment of traffic regulations and a Parking and Traffic Safety Advisory Committee.

II. DEFINITION

The operation of a motor vehicle on the campus is a privilege granted by Louisiana State University in Shreveport. The University recognizes the motor vehicle as a necessity for transportation to and from the campus and makes every effort to provide adequate parking space for students, faculty, staff and visitors. The University reserves the right to change any or all parts of these regulations as necessary. Any changes will be published in the campus newspaper.

III. POLICY

Traffic regulations are enforced by the Campus Police Department under the direction of the Vice Chancellor for Administration.

All vehicles driven on the Louisiana State University in Shreveport campus must comply with all State of Louisiana Motor Vehicle Laws and Louisiana State University in Shreveport Rules and Regulations.

The University assumes no responsibility for the care and or protection of any vehicle or its contents at any time it is parked or operated on the campus. Vehicles should be locked while unattended.

Rules and regulations for parking and traffic safety on the campus are developed by the Parking and Traffic Safety Advisory Committee, comprised of faculty, staff, and students and chaired by the Director of the University Police. Committee recommendations are reviewed by the Vice Chancellor for Administration for presentation to the Chancellor.
A. Vehicle Registration

All vehicles must display a current registration decal or permit.

Everyone registering a vehicle on campus must present a valid State Registration Certificate, or other document establishing proof or ownership. A person may register a vehicle owned, operated, and/or maintained by another person only if the owner, operator, or maintainer is not a student of Louisiana State University in Shreveport. A signed statement by the vehicle owner giving the student permission to use the owner's vehicle may be required.

Possession of a parking decal does not guarantee a parking space.

Parking decals are not transferable. Decals should be removed from vehicles when validity expires or immediately upon change of ownership or disassociation from Louisiana State University in Shreveport. Failure to do so may cause citations to be charged against the person to whom the decal was issued. Validation of parking permits is required each fall semester.

One or more of the following items of information is needed when registering a vehicle:

1. Proof of ownership
2. Current pay-out receipt

Students with severe and/or permanent handicaps should contact the University Police Department prior to applying for a parking permit.

B. Permit or Decal Display

The official Louisiana State University in Shreveport parking decal must be displayed as instructed. Motorcycles should affix the decal to the front right fork. Validation decals will be affixed above permanent decal.

Decals are to be permanently applied using the manufacturer's adhesive. Decals are not to be applied to the vehicle by such means as use of scotch tape or by partial application. Decal must correspond with the license plate for which the decal was issued.

Destroyed or damaged decals should be reported to the University Police. A damaged decal shall be presented to the University Police; a duplicate will be issued if it is to be placed on the same vehicle as the old decal.
If a vehicle is to be operated on campus on a temporary basis, a temporary decal for a maximum of two weeks must be obtained at the University Police office.

C. Parking Zones

Louisiana State University in Shreveport has reserved parking areas for students, faculty, staff, University Police, vendors' service vehicles, visitors, and the handicapped.

To reinstate driving/parking privileges, the violator must contact the Director of University Police. The Director will schedule a hearing with the Parking and Traffic Safety Committee.
