Technical Requirements

Students are responsible to meet LSUS' minimum hardware and software requirements, including adequate Internet connectivity, before enrolling. No refund or other policy exceptions will be granted for hardware/software inadequacy or failures.

Moodle Technical Requirements

Moodle is our course management system, and it runs on Windows, MacOS, Chrome OS, Linux, iOS, Android, or any other device with a modern web browser. LSUS only condones the use of Moodle on Windows and MacOS for taking exams.

LSUS Hardware Requirements

- PC: Any PC capable of running Windows 10 or higher. (S Mode is not supported)
- Mac: MacOS X 10.13 or higher. Note: All applications may not be available for MacOS.

Your PC or Mac should have the following:

- Webcam with a minimum of 640x480 resolution
- Microphone, headset, or earphones with microphone
- At least 6 GB of RAM and 256 GB hard drive
- Ethernet LAN adapter or wireless LAN adapter
- Reliable broadband internet connection (DSL, cable, satellite). No extensions or waivers granted for coursework due to problems with internet connectivity.

LSUS Software Requirements

- Microsoft Office 2019 or newer (Word, PowerPoint, Excel, Access, etc.), Open Office, or Google Docs

LSUS Browser Requirements

- Mozilla Firefox
- Google Chrome (preferred)

File Types

You are required to submit your assignments as Microsoft Word documents unless instructed otherwise. If you use another word processing program, such as Word Perfect (.wpd) or Microsoft Works (.wps), you must know how to save these files as MS Word files by selecting one of the approved formats in the "Save as type" drop-down menu.

Proctorio Technical Requirements

Make sure to check out the **Proctorio Technical Requirements** site for the most updated technical requirements.
