The MHA foundation courses are optional one credit hour classes graded on a pass/fail basis. You are encouraged to enroll in one or more of the foundation courses if you have not taken undergraduate courses in Accounting, Finance, Economics, and/or Statistics. These courses are designed to provide the necessary background and information for success in the required MHA courses. Enrollment in MHA Foundation courses is determined by the student and should be based on the student's undergraduate degree, job experience, and related skill set. The four optional foundation courses do **not** count towards the ten required courses in the MHA degree program.
