Northwest Louisiana ECONOMIC DASHBOARD

August 2025

[Center for Business and Economic Research](#)
Louisiana State University Shreveport
cber@lsus.edu

Goals:

The Northwest Louisiana Economic Dashboard has the following goals:

- Visualize a set of economic indices based on sound and credible data.
- Act as a reference for people interested in making investments in Northwest Louisiana.

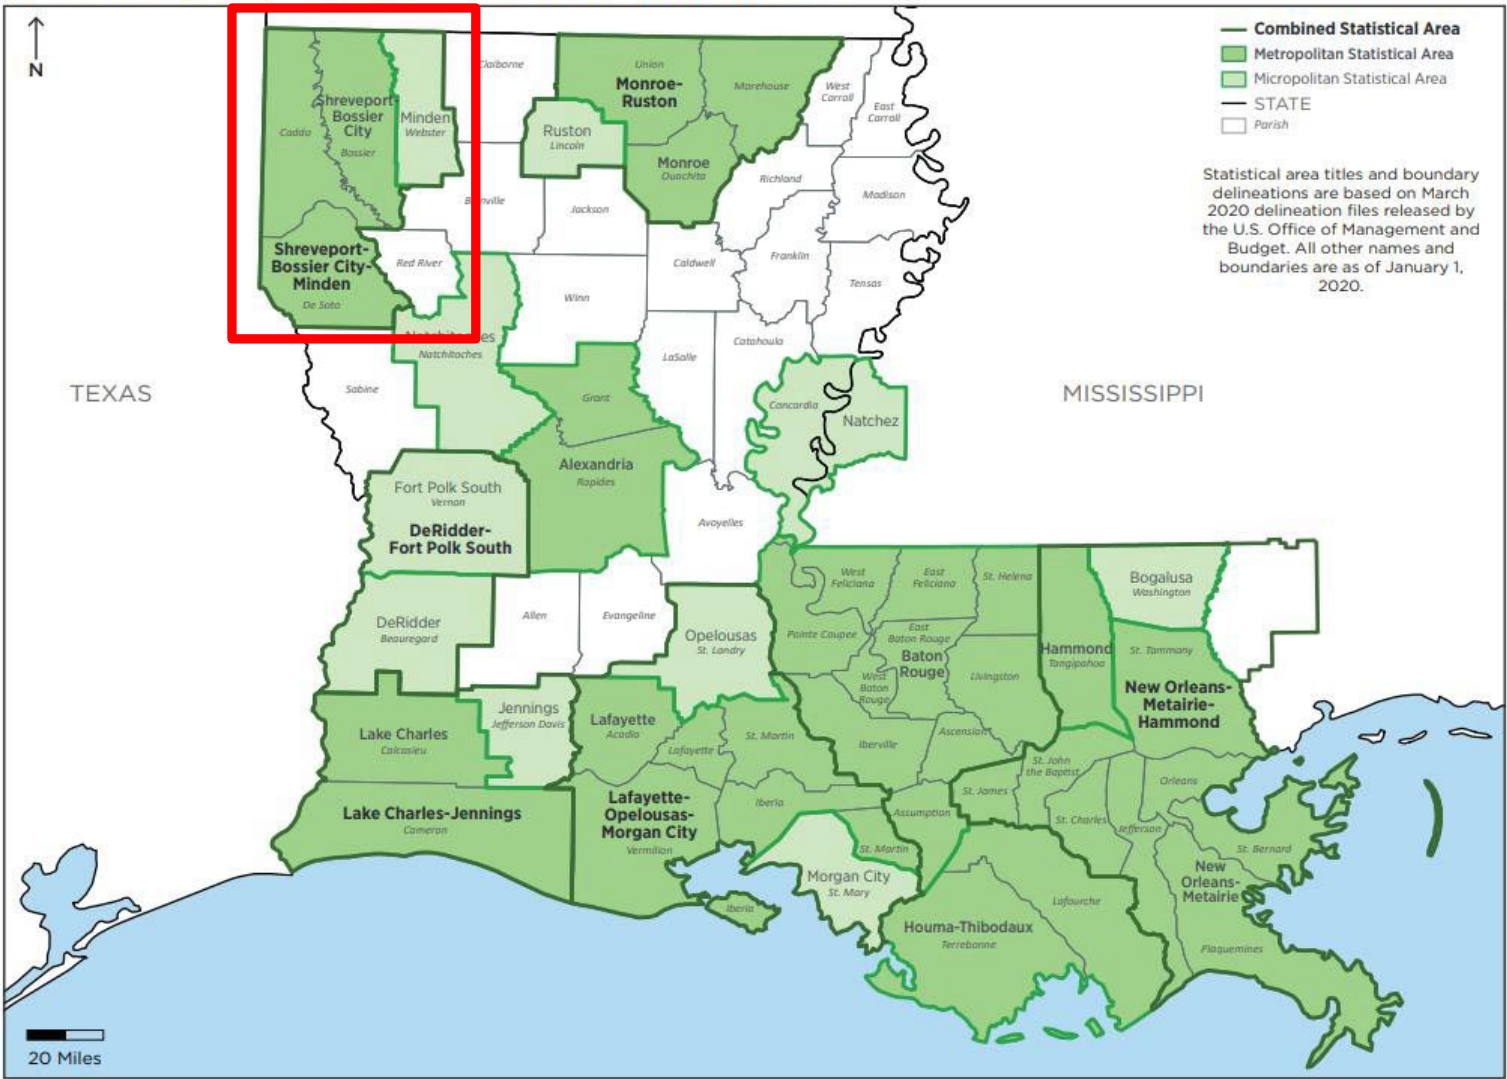

Index:

The content of this presentation is the following:

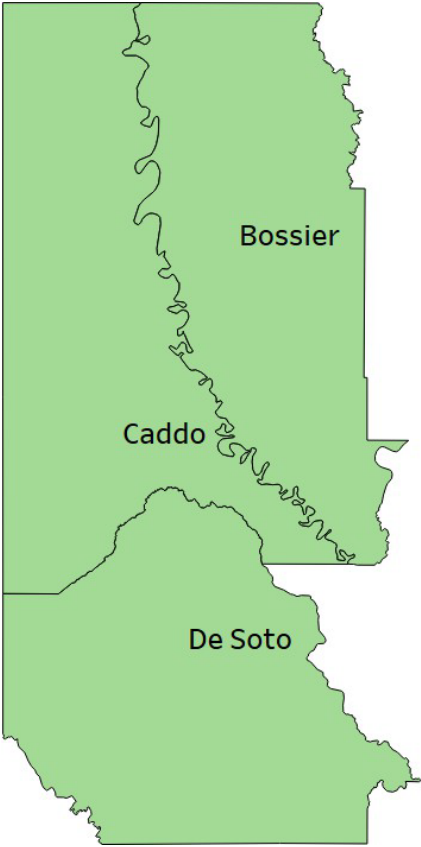

- Tax Collection
- Housing
- Building Permits
- Unemployment
- Casino Revenue and Admission
- Airport Traffic
- Mortgage Rates, Inflation, Natural Gas, Oil, and Gasoline Prices

Economic Research

■ Key Findings

Tax Collection:

The City of Shreveport collected \$42,470,897.71 in taxes in the second quarter of 2025. This was a 5% increase over the second quarter of 2024 and a 4.6% increase over the first quarter of 2025.

Housing:

The housing market in the Shreveport-Bossier CBSA has remained resilient with the current high interest rates. The median listing price was \$261,025 at the end of the second quarter of 2025. The median listing price was \$249,500 at the end of the second quarter 2023 and \$235,000 at the end of the second quarter 2024. The median listing price in Bossier Parish for June is \$325,920 compared to \$313,450 in January, and the median listing price in Caddo Parish for June is \$215,000 compared to \$195,250 in January.

Building Permits:

There were 250 building permits in the second quarter of 2025 compared to 235 in the first quarter of with a value of \$56,537,000 compared to \$59,879,000. This number of permits is almost identical to the number of permits in the second quarter of 2024, but the 2024 permits had a higher valuation.

Unemployment:

The unemployment rate in Shreveport-Bossier City MSA, Bossier Parish, and Caddo Parish ended the second quarter at 5.0%, 4.5%, and 5.2%, respectively. The current unemployment rates are higher than they were in January. While not historically high, rates above 5% are usually where people start to take notice. While inflation has been reduced, it's still above the stated Fed target of 2%, so it will be interesting to see if these higher unemployment rates will encourage the Fed to cut rates. Especially with the tariff uncertainty, unemployment rates will be one of the variables we track closely in the third quarter.

Casino Revenue and Admissions:

The Casinos in Shreveport-Bossier City MSA saw Live! Casino enter the market in February 2025. This is the first quarter where we have a full quarter of data for Live!, and it brought in the second most revenue of all the casinos. Currently, it appears that Live! Has expanded the market as overall casino revenues were up 14.7% year over year and 4.9% between the first and second quarter of 2025.

Airport Traffic:

Airport traffic remains strong. May and June both had the most emplaned passengers for a month in our data set going back to 2010. Demand is so strong that the Shreveport Regional Airport is in the process of adding additional parking.

Combined 218,778 passengers used the Shreveport Regional Airport in the second quarter of 2025 compared to 184,162 passengers in second quarter 2024. A combined 389,936 passengers have used the Shreveport Regional Airport in the first half of 2025.

Mortgage Rates, Inflation, & Gas Prices:

Average 30-year mortgage rates averaged 6.79% in the second quarter of 2025. This is basically the same as the first quarter of 2025, and well within the trend of mortgage rates for the last 24 months.

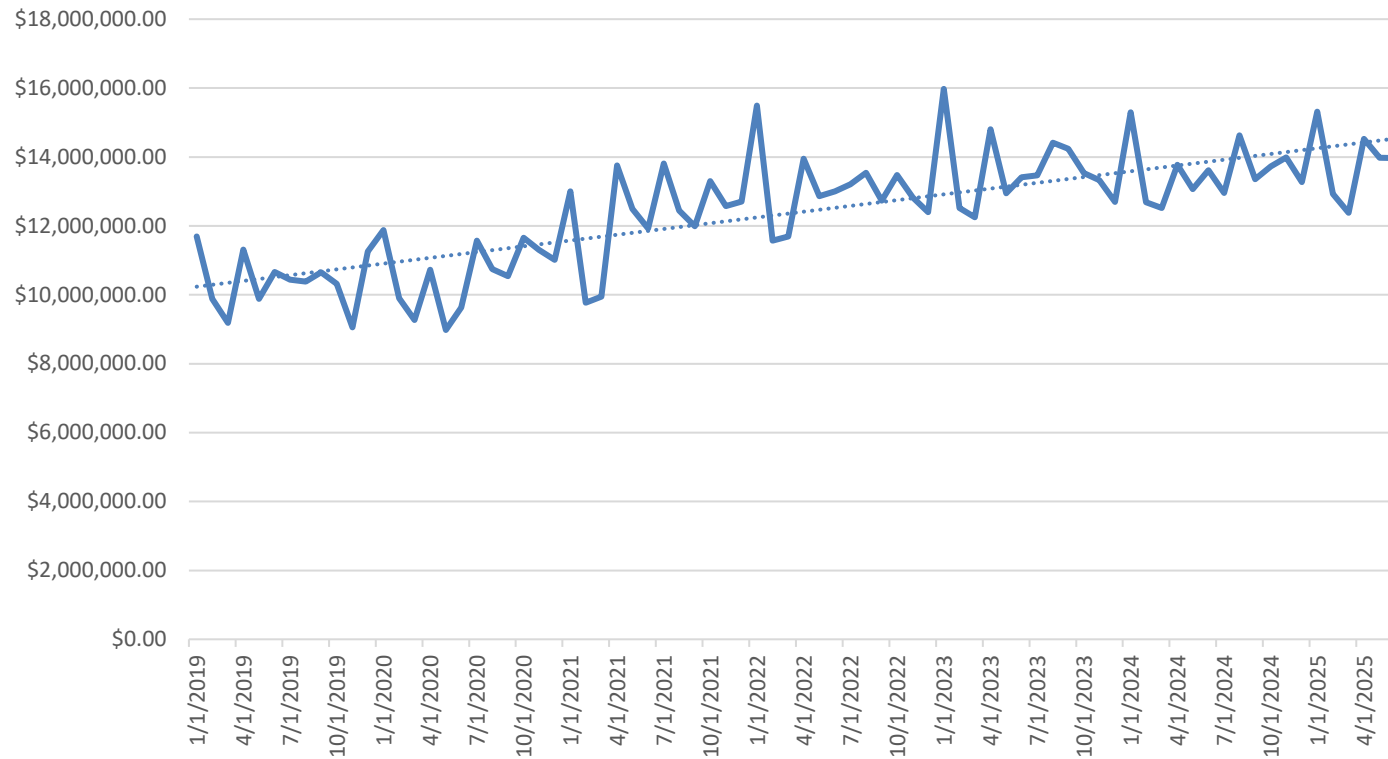

Natural gas prices ended the quarter at \$3.19. This is a significant increase compared to the end of 2024 (\$2.44) and the second quarter of 2024 (\$2.07). Crude oil ended the quarter at \$64.57. This price is lower than all of 2024 and than the first quarter of 2025. Gasoline prices were about \$0.30 less than a year ago.
