

Wi-Fi Available to Students, Faculty and Staff in Fine Arts Parking Lot

To help prevent the transmission and spread of the COVID-19, LSUS is taking precautions to protect students, faculty, staff, and the community. In order to assist those needing wireless internet access, we have set up a Wi-Fi network that can be accessed from vehicles parked in the Fine Arts Buildings Parking Lot, which has been temporarily re-named **Student Faculty Wi-Fi Parking Lot** (see red arrow on the map below).
